

*We look forward to meeting
your healthcare needs.*

Idaho Surgical Associates is the joint private practice of three experienced surgeons dedicated to achieving quality results through both surgical and non-surgical treatment. Our surgeons and staff strive to treat all patients and families with respect and dignity. Drs Bryan Anderson, Johnny Green, and Shauna Williams are all board certified in general surgery; Drs Williams and Green are board certified in colon and rectal surgery. ISA's office is located in the LEED certified Mulvaney building on the Saint Alphonsus Regional Medical Center Campus.

EXPERIENCE. DEDICATION.
QUALITY RESULTS.

BRYAN J ANDERSON, M.D.

Dr Bryan Anderson is a general surgeon with advanced skills in laparoscopic surgery, a native Idahoan and a graduate of the University of Idaho. He is a Fellow in the American College of Surgeons and a member of the Idaho Medical Association and Ada County Medical Association.

He promotes physical activity for good health to his patients. He sets a good example as he and his wife, Karen, are avid cyclists.

Dr. Green joined ISA in 2011 and specializes in Colon and Rectal Surgery. He strives to bring compassion and dignity to the exam room and the operating room. He is a tireless advocate for cost-effective and simplified healthcare, patient rights, and proper application of healthcare technology.

Out of the office, Dr Green enjoys long bike rides, walking the dog, watching movies with his wife Kathy, and visiting the Dominican Republic on mission trips.

JOHNNY B GREEN, M.D.

Dr. Williams has practiced in Boise, Idaho since 1991. She believes in recommending the treatment that fits the patient and issue of concern, which may not necessarily involve surgery.

In addition to her many leadership positions, Dr Williams serves as the medical facilitator for Casting for Recovery (a fly fishing retreat program for women with breast cancer).

Dr. Williams is married to Dr. Rick Williams, a biologist, and has a son Chris. She enjoys the

outdoors, especially fly fishing, skiing and golfing.

SHAUNA T WILLIAMS, M.D.
